**Rules:** The regatta will be governed by the rules as defined in the 2021-2024 Racing Rules of Sailing, as modified by Appendix E, the Sailing Instructions, and the Victoria One Design Class Rules.

**Racing Format:** The race committee will determine the number of races for each day after considering the weather, course, and equipment conditions. Three races will constitute a regatta. If there are more than 20 entries, racing may be conducted under the Heat Management System (HMS).

**Awards:** AMYA Gold Chevrons and Trophies will be awarded for the top three places.

**Frequency Assignment:** Since most competitors use 2.4 GHz transmitter/receivers this should not be an issue. Participants using non-2.4 GHz equipment should list all of their available radio frequencies on the regatta entry form. Frequency assignments will be handled on a first come, first served basis. Every effort will be made to assign one of the frequencies listed on the entry form. We will contact the involved skippers to resolve the conflicts.

**Inspection:** All boats will be inspected for conformance with Victoria One Design Class Rules at the time of registration. Measurement will include verification of minimum weight, sail size, keel, and other aspects as determined by the Class Secretary. All boats must display sail numbers per Victoria One Design Class Rules.
